

THE NEW ENTERPRISE.

VOL VI-NO. 20

MADISON, FLA., THURSDAY, JANUARY 17, 1907.

\$1 A YEAR

Mortuary.

At his home in this city at an early hour last Friday morning, after an illness of only a few days, Irvine McClellan, one of Madison's most popular young citizens, departed this life leaving a widow and infant son bereft of a tender husband and loving father. Deceased was only 29 years of age.

Irvine had made his preparations to move to Tampa, and had bought an interest in a business in that city expecting to go to it on Tuesday of next week. He was stricken down on Sunday with appendicitis and notwithstanding everything was done by loving and skillful hands to alleviate his pain and restore him to health the efforts were of no avail and he died as before stated.

The funeral was held Friday afternoon and his lifeless body was followed to its last resting place in the city cemetery by scores of friends who sincerely mourn his death.

Our sympathy goes out to the bereaved family in their deep affliction.

James L. Wyche, died at the home of M. H. Waring just north of the city Monday morning in the 41st year of his age.

Deceased was a native of this city but for several years past had been a resident of Rockwell where he was a trusted and valued employee of the Dnnellon Phos Company. About two years ago his health became impaired and he became a victim to that dread disease known as Brights Disease.

He went North and received the most skilled attention which could be found in the hospitals of New York but the progress of the disease could not be stayed and a few months ago he returned to Madison to his old home and loving friends—there to await the final summons to another world.

Jim Wyche was one of nature's noblemen. Possessed of qualities of mind and heart which commanded love his youth was passed surrounded with the sincere admiration and friendship of his associates. Genial, whole-souled, fearless, he grew to manhood's estate with the respect of all with whom he came in contact.

A stricken widow and two young sons mourn the untimely death of husband and father and scores of friends mingle their tears with those most bereaved.

The funeral was held Tuesday morning, the interment being in the city cemetery and the Pythian burial ceremony was used by Madison Lodge No. 57 of which deceased was a member. Rev. W. H. Funk of the Methodist church assisted in the obsequies.

Eunice, the infant daughter of Dr. and Mrs. D. H. Yates, died at the family home in this city Tuesday night, 15th inst., after a brief illness, aged about one year. Funeral was held Wednesday afternoon from the home the interment being in the city cemetery. The bereaved parents have the sympathy of their many friends in their grief.

The Florida Life Insurance Co., of Jacksonville, has established a record for prompt settlement of death claims which is bound to redound to its good in this section of the State at least and wherever else it may become known. The death of Irvine McClellan in this city occurred at an early hour last Thursday morning, the death was immediately reported to the home office of the company and a check for the full amount of his policy was received in this city Sunday morning with instructions that it be given to his beneficiary just as soon as the required proof of death had been filled out. This is an unusual record.

The directors of the First National Bank held their annual meeting last week and made report to the stockholders of the volume of business transacted during the year which was most flattering and of a decidedly pleasant nature to those who own the stock. A dividend of ten per cent. on the capital stock was declared and checks for their premiums mailed out to the various stockholders. Between six thousand and seven thousand dollars was left in the fund of undivided profits. The same officers who have so efficiently conducted the affairs of the bank for the past year or longer were retained in their accustomed places and the Board of Directors remains unchanged. Indications point to another year of progress and prosperity and the First National will be in the forefront.

gress and prosperity and the First National will be in the forefront.

At a meeting of the Directors of the Citizens Bank held in the banking rooms of that institution last week a dividend of ten per cent on the capital stock was declared and paid to the stockholders, one thousand dollars was placed to the credit of the surplus fund and twenty-five hundred dollars was added to the fund of undivided profits. The book value of the stock of this institution after the payment of the dividend is \$118. per share which, more than anything else, shows the splendid prosperity enjoyed by this popular banking institution since its establishment about eighteen months ago. A statement of the condition of the bank at the close of business January 8th is printed in this paper, and the attention of our readers is directed thereto. The same officers, consisting of A. Livingston, President, W. B. Davis and R. D. Rowe, Vice Presidents, A. Livingston, Jr., Cashier and C. L. Morrow, Assistant Cashier, were re-elected.

A Card.

Mrs. Sallie Townsend requests me to say to all who so kindly helped her after the fire at the hotel that she appreciates their kindness more than words can express and wishes in this way to thank them for their help.
